RingGo

Cashless parking is offered here now

Do I have to pre-register?

No. You can call RingGo as you park your car. To save time you can pre-register via our apps or on the internet at **www.myRingGo.co.uk**.

How does it work?

You can pay for parking with RingGo by using our **smartphone** apps, **calling**, sending a **text message** or booking **online/over the mobile internet**.

The first time you use the service you will need to provide:

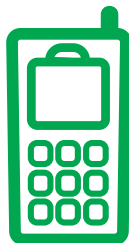

- Your vehicle's registration, make and colour
- The code for your location - a four or five digit number shown clearly on the pay and display machine
- How long you want to park, and
- Your payment card details

On subsequent uses, the system remembers you and asks you:

- To confirm the vehicle you want to park
- To confirm the location
- How long you want to park, and
- Your card security code

How much does it cost?

All calls to RingGo are charged at standard rate. A small convenience charge is made in many locations. Confirmation and reminder texts cost 10p per message. Check signs or myRingGo.co.uk for details.

Can I extend my parking?

Yes. Simply use the apps or call again. The service will ask you:

- How much extra time you want and
- Your card security code

Is a ticket required? How do Civil Enforcement Officers check that I'm parked correctly?

No ticket is needed. The Civil Enforcement Officer looks up your number plate on a handheld device.

This checks the RingGo system to make sure you have paid.

How can I get a VAT receipt?

VAT receipts are available online to view and print at **www.myRingGo.co.uk**
